

Important Change in Receiving Communion during Parking Lot Participation

In anticipation of winter weather, we are transitioning to a drive-up system for distributing Communion.

- ◆ Beginning **Sunday, November 15**, at the **8:30am** Parking Lot Participation, at Communion time the Eucharistic Minister and Assistant will come out Door 19.
- ◆ **Communion will be distributed in the circle drive.**
- ◆ The **car farthest to the east will drive into the circle drive first**, driving westward.
- ◆ Cars will follow, working from those parked farthest east first to those parked toward the west.
- ◆ The Eucharist Minister will be on the **inside of the circle** and **distribute to the driver first**, then to the passenger, walking around the car as needed.
- ◆ ****Please wait** until the Eucharistic Minister and Assistant are repositioned safely on the inside of the circle before moving your vehicle forward for your turn.
- ◆ After occupants of your car have received Communion, we encourage you to re-park and remain on campus for the Final Blessing before leaving.

Thank you for helping to keep our liturgical ministers safe as the weather changes!
